

CUT AND BRUISED BY FALL FROM CARRIAGE

Headed by Party Thrown
Against Boulders and
Fence in Runaway
Caused by Tahoe Excursion Train

The injured: Harry Davis, gashes in scalp, numerous bruises; Mrs. Harry Davis, nervous prostration, lacerations and numerous bruises; Mrs. C. H. Kucks, left wrist cut to bone on barbed wire, lacerations and numerous bruises; C. H. Kucks, hip severely lacerated, leg bruised and face scratched; Miss Mignon Davis, bruises on forehead and back, and Miss Hortense Davis, wrenched wrist and bruises.

Frightened by a returning Tahoe excursion train Sunday night, a pair of horses attached to a carriage driven by Harry Davis ran away and threw the occupants of the rig against a barbed wire fence, severely injuring the entire party and demolishing the carriage. The accident occurred on the road which parallels the railway line several miles west of Reno.

Held suspended on the bars of wire, Mrs. C. H. Kucks, a member of the party, was found bleeding from a dozen wounds when the train crew arrived at the scene. Harry Davis was injured by a four inch gash in the scalp and the others received numerous lacerations and bruises.

Harry Davis, wife and daughter Mignon and Hortense, and C. H. Kucks and wife, left Reno early Sunday afternoon for a drive to Laughlin Springs. The day was spent at the resort and they left in the carriage about 7 o'clock on the return.

The horses were restless when the train whistled far up the tracks back to the city. The line parallels the river and the horses, seeing the train, became frightened and ran.

The horses were running at a gallop and the carriage was thrown into the air. The horses were running at a gallop and the carriage was thrown into the air.

HE CAN GAIN BIG PRIZE WHO WORKS

Journal Contest Is Well Worth Working For—Two Rewards of Valuable Real Estate Will Be Given for Largest Number of Coupons

"I promised myself I would win," so said a young man last week, who is a contestant in the Journal contest. He has already a number of Journal coupons, and I mean to work hard for the remainder of the contest.

That is the spirit which wins in a competition of energy such as is now running in the Sunday Journal.

"I promised myself I would win," does anyone doubt that such a resolution will give power to the young man's enterprise? He has not purchased many extra copies of the Sunday Journal to get the coupons, he has made it a point to get Journal coupons from his friends who are not saving them.

It is just the point which we wish to emphasize in this contest: ASK YOUR FRIENDS FOR THEIR JOURNAL COUPONS.

The two prizes which The Journal is offering are two corner lots in the Wheeler-Burke Addition. The size of each is 50x140 feet, and the value \$400 and \$350, respectively.

Those who visited the Wheeler-Burke tract since this contest has started are aware of the good qualities of the proposition. The Journal is advocating. There is everything in this addition to attract the home seeker, the one who intends to build a home.

The property is situated just eight minutes walk from the center of Reno, not outside the city limits, but within them. Residents in this section have the same facilities that people have in their homes in any part of Reno, city water, electric light, etc., besides having the advantages of good building ground affording dry cellars, healthful locality, excellent view and surroundings within easy walk to their work in the city.

Coupons are given by the following merchants to those purchasing goods: M. Frank & Co., Mrs. W. J. Roberts, Riverside Studio, H. Pauley, I. E. Bradley & Co., E. Fisher, Roy Cann Drug Co., Carr & Elliott, Roy E. Davis, Reno Meat Market, Truckee Meat Market, Wiley B. Allen Piano Co., Will & Boughton, Reno Shoe Factory, Lent & Hansen, J. Marymont, L. Radcliffe Jr., Humphrey Supply Co., W. L. Semenza Bros., Reno Mercantile Company, Nevada Cycle & Mfg. Co., Sewing Machines and Supplies (T. D. Dooling), The Busy Bee and H. J. Smith. These coupons are just as good as those clipped from The Sunday Journal. They count just the same.

Take your shoes repairing to Perquist, Sierra street, near Second. He is careful, prompt and reasonable.

Excursions are a feature of Reno life. That of last Sunday was another big success—will be repeated.

Sunday's excursion to Tahoe was a repetition of former successes and the crowd was a record one, every one of the 150 tickets having been sold. Like the preceding trips, there was nothing to mar the pleasure of the day, save the accident to Harry Davis and family who were brought back on the train.

District Freight and Passenger Agent Taggart was on hand to see that the travelers over the Southern Pacific were well cared for, and Manager Haley of the Tahoe Transportation company met the crowd at Truckee and attended to their welfare on the beautiful run to the lakeshore.

Part of the party took the trip around the lake on the steamer Tahoe, while others remained at Tahoe Tavern, where Host Bliss set a splendid luncheon and entertained royally. At Tallac also many stopped for luncheon and everyone voted the excursion a success. Another will be given next Sunday. They are becoming a feature of Reno life, these excursions.

Defective flue cause of burned ranchhouse. Residence of P. T. Sciocchetti a Total Loss in Sunday's Conflagration.

Fire destroyed the farmhouse of P. T. Sciocchetti Sunday afternoon at 3:30. A defective flue was the cause and the loss is estimated at \$2,500, with insurance of \$1,500. The ranch is located two miles and a half south of Reno.

DEAR SUSIE NOTES WERE PENNED BY MRS. HARTJE

Expert on Handwriting So Testifies in the Famous Divorce Case of Millionaire Paper Man Against His Wife—Testimony in Rebuttal

PITTSBURG, July 23.—Testimony in rebuttal was begun in the Hartje divorce case when the session of the court were resumed today. Previous to the introduction of this testimony, however, Mrs. Hartje's counsel closed their case in chief. Helen Scott, and the letters she is supposed to have written to Tom Madine, the coachman co-respondent, were brought forward as an issue. Fragments of the letters were destroyed by Attorney Edward Hartje, brother of the millionaire libellant, this afternoon to have been taken from the savings in Madine's room in the Hartje stable.

These were reported to show that Miss Scott gave "Tom" memoranda concerning the facts to which he should testify at the trial. Testimony concerning these letters was only gotten in after a bitter legal fight by Attorney John Freeman, for Mrs. Hartje, the court saying, however, that these letters would have little weight unless they were accompanied for properly.

Expert Percival Fraser was on the stand most of the day and testified that the writer of the "Dear Susie" letters, Exhibit No. 8, was the same as that of the admitted "Standard" which is Mrs. Hartje's.

In order to clear away all doubts, according to the number in which the famous forty letters which have figured in the Hartje case were obtained, the prosecution has subpoenaed as witnesses Police Inspector Robert Gray, Sergeant Michael Hanley and Special Officer Patrick Gahp. Hanley was on duty when Madine reported the robbery of his trunk on June 5. Golden is the officer who made the investigation.

WALKS FEARLESSLY TO DEATH IN THE RIVER

DISHEARTENED MAN COMMITS SUICIDE IN THE TRUCKEE

D. A. McIntosh, One Time Wealthy Man of Affairs in Spokane, Tires of Life After Wife and Money Depart and Ends His Existence Sunday

With the despair that comes when a man "loses his grip," short of friends and funds, and troubled by the thoughts of matrimonial disaster, D. A. McIntosh, who in happier days closed the biggest real estate deal ever consummated in Spokane, deliberately walked into the rapid running waters of the Truckee Sunday morning, laid over in the water when waist deep and floated away, unresisting, to his death.

It was, doubtless, cool, deliberate suicide, done in the sight of many persons, none of whom realized the intention of the man they saw walking down to the river's side, and who deliberately to his death. The coroner's jury which was convened brought in yesterday this verdict: "D. A. McIntosh, aged about 45 years, a native of Scotland, came to his death by drowning in the Truckee River, caused by his own act while deprived of reason occasioned by heart trouble or sickness of which he had complained, the body having been found at the dam just below the cattle bridge."

A coherent and connected story is told by the witnesses who saw the disaster and those who knew McIntosh more or less intimately. Up to about four years ago McIntosh was a successful real estate dealer in Spokane, where he was a member of the firm of Borge & McIntosh. It was while there that he completed a deal in suburban realty, whereby Charles Francis Adams of Boston paid \$200,000 for a large tract of land adjacent to Spokane. About this time also McIntosh's misfortunes began. His wife, it is claimed, eloped with a dancing teacher of the Washington town, and while the couple were not divorced, the estrangement was, of course, complete. McIntosh took to drink. His fortune was wasted, and he drifted away from the city where he had made a fortune and lost a wife. He went to Portland, where he was a brother, to San Francisco, to Tonopah, Goldfield, Manhattan, and finally to Reno.

While in San Francisco he assumed the agency of the Pacific Coast Wireless Telegraph Company and associated himself indirectly with Brown & Rice. To the remains he addressed himself in Reno when in need of funds. He had a mining deal on, whereby he hoped to sell a lead property near the Fairview district to

THEY THOUGHT HE WAS SWIMMING

D. A. McIntosh, friend of United States Senator Turner of Washington, ex-Senator John L. Wilson, owner of the Post-Intelligencer of Seattle; former man of affairs and fortune, real estate broker of Spokane in boom days, committed suicide by walking into the Truckee River Sunday morning about 10:30 o'clock. He stepped fearlessly into the waters of the rapid stream, waded out waist deep, then gave himself up to the current and to death. He floated as serenely down the river as a boy playing in a pool. People who saw him thought he was swimming and watched to see him stand somewhere in the shallows. But he did not, and he was taken dripping and dead from the river near the cattle bridge.

Brown & Rice. He was negotiating on this with Langell & Diller. But the deal did not pan, and his slight expense advances from Brown & Rice of \$25, which was wired him soon, went in paying up the small loans he had made around town—a dollar here and a dollar there to keep himself fed and housed.

On Sunday he met G. D. Johnstone, who knew him a year ago in San Francisco, when he was in partnership with Louis E. Frasso. Frasso told Johnstone of an attempt which McIntosh had made while there to commit suicide by jumping from a ferryboat, and how it had taken several men to restrain him. Johnstone told the coroner's jury yesterday that McIntosh seemed so distressed on Sunday morning that he (Johnstone) had a premonition that he would do harm to himself. McIntosh slipped away from Johnstone while the latter was in the Overland Hotel, and the next thing the witness heard of McIntosh was when the man had jumped into the waters of the Truckee.

A. McKenzie, D. H. Lodge and J. Bassett were witnesses called by the coroner's jury, and told of the deliberateness with which the deceased walked to his death and how he floated down the Truckee without an effort to save himself. W. H. Kearney and G. D. Johnstone, who knew him when fate was kinder, told the jury of his past. Charles Sudler, proprietor of the Overland, where McIntosh stayed, also testified.

Following composed the coroner's jury which sat under Justice of the Peace Bell, acting coroner, and John T. Read, whose suit to be reinstated as coroner, is still pending. John Franzman, George D. Johnstone, Herbert Freese, Julius T. Montano, Gib Burdick and O. E. Bassett. The remains are lying at the undertaking parlors of Petters & Durrett, which firm has wired to Oakland and Spokane for instructions as to the disposition of the body.

Officers were installed last night in Reno Encampment No. 1, O. P. by District Deputy Grand Patriarch H. A. Riley, and at a banquet which followed many members of the encampment and subordinate lodges listened to toasts, enjoyed the splendid menu and were encouraged in their allegiance to Odd Fellowship.

Following is a list of the officers who were installed for the coming year: H. L. Peck, C. P.; C. R. Carter, H. P.; W. F. Whitely, S. W.; W. F. Sedgwick, scribe; C. Novacovich, treasurer; John Johnson, C. G.; Degman, guide; B. Peck, I. S.; A. Wallin, first W. L. R. Seef, second W. A. Vandyke, third W. J. Jamieson, fourth W. R. Borden, G. T.; E. C. Leadbetter, G. T.

GO ON CAMPING TRIP Dr. F. C. Cooley, Harry Woodhouse and Sol Harris leave Reno this morning on an extended trip through Northeastern California. The party will be gone about three weeks and will visit Gold Lake, Weber Lake and Donner Lake before their return. Dr. Cooley is governmental livestock inspector, and will combine business with pleasure on his journey. The party will travel in a two-horse rig and will "rough it" throughout the trip.

A PLEASURE TO CALL THE SHOW EXCELLENT

The "Daffy Dame" (Paul La Drew), Miss Grace Hess, soubrette, and the Jolly Prices are the big features this week in a uniformly good bill at the Grand Theater. The bill is excellent, and Manager Cliff will continue making friends as long as lists of attractions such as this are kept on the stage. It is a pleasure to recommend the show this week.

The Jolly Prices are billed to appear in a "clever comedy sketch." They live up to the caption. The sketch is clever and the turn won long and loud applause. Few vaudevillians live up to their billed attraction. The Prices are among the chosen few.

MARRIAGE LICENSE A marriage license was issued yesterday by County Clerk Foggy to Frank M. McSherry and Miss Margaret M. Waldman. Both the contracting persons are residents of Reno.

MRS. HALLIDAY IS TAKEN SERIOUSLY ILL AT OGDEN

Was There With Her Husband on Vacation and Is Threatened With Appendicitis; An Operation May Be Necessary to Save Her Life

Word was received last evening from Mrs. J. E. Halliday, who with her husband is visiting in Denver, that she has been taken suddenly ill with appendicitis, and that an operation will, in all probability be necessary. Accompanied by her husband, who is one of the members of the Reno Stock Brokerage Company, she went to Ogden for a vacation, only a few days ago. They intended to remain over a month.

The news that she is ill will alarm her many friends in Reno, who will hope that she will enjoy a speedy recovery to health. The message which brought the bad tidings last night was wired, and contained only the meager information that Mrs. Halliday is very ill.

NEVADA PIONEER IS CALLED BY DEATH

H. O. Douchy, a Nevada pioneer, died at his home near Edenville Sunday at the age of 77. He was a well known inn keeper of that place and at one time he was engaged in the hotel business in Reno.

The deceased was born in Weberville, N. Y., in 1828. In 1850 he went to California and in 1893 he settled at Aurora, Nev. Nineteen years ago he became a resident of Edenville.

Among the things discussed and arranged for is a monster parade. The grand marshal will be M. L. Catlin of Carson City. His first aide was not appointed, but will be a delegate from Reno, and the president of the day.

UNION MEN PLANNING MONSTER CELEBRATION

LABOR DAY WILL BE A GREAT EVENT THIS YEAR

Sixty Delegates, Representing a Constituency of 6,000 Members, Meet and Perfect Plans for Commemoration of the Holiday in This City

Meeting as a committee of the whole, the delegates of the various unions in Washoe, Storey and Ormsby counties convened Sunday afternoon in Wine House Hall and arranged for the celebration which will mark next Labor Day, September 3rd.

Enthusiasm was high and unless all signs fail next Labor Day will witness the greatest labor demonstration and celebration in the history of Nevada. Indeed, so much is being attempted that it was suggested at the meeting on Sunday that the celebration last for two days, September 3rd and 4th. Whether this will be done will be determined next Sunday, when another meeting of the delegates will be held.

There were sixty delegates and visiting members present Sunday, representing a constituency of about 6,000 union men.

Among the things discussed and arranged for is a monster parade. The grand marshal will be M. L. Catlin of Carson City. His first aide was not appointed, but will be a delegate from Reno, and the president of the day.

who was also not named Sunday, will be from Storey county. Both these places will be filled on Sunday afternoon, July 29th. The parade will be headed by mounted police, led by Chief of Police Leeper.

At least four bands will be engaged by the unions to play in the parade and floats will grace the line of march. A prize will be offered the merchant whose store is the best decorated, and finally a banquet will be served on the lawn next to the Nevada Hotel to the visiting union men and their families.

In the afternoon there will be games, drilling contests, a tug-of-war and races on Commercial Row and on the Plaza and Virginia street. A feature of the sporting events will be an amateur 100-yard dash for a gold and a silver medal. Al Pape contributes a gold medal in an amateur race, which will be under the auspices of the P. A. A. This race will be a handicap event and will be participated in by members of the junior athletic class in the Wheelmen's Club. The day's rejoicing will close with a grand ball at Wheelmen's Hall.

Following is a list of some of those who took part in Sunday's deliberations: W. J. McDonnell, I. G. Wood, J. A. Chisholm, H. Heidenreich, P. Follard, Thomas Stack, E. M. Sullivan, O. Wrenn, W. A. Burns, F. M. Ballentine, I. W. Crowe, J. W. Kilson, D. McLeod.

Reno unions as follows were represented, Bakers, Cigar-makers, Carpenters, Brewery Workers, Painters, Plasterers, Electricians, Hodgecarriers, and Bricklayers' Unions.

RESIGNS POSITION T. J. Farrer, motorman on the Reno Transit Company's line, has resigned his position and he will engage in mining at Fairview, Hammond, who came here from Pittsburg, Pa., will fill the position as motorman. Hammond is a veteran on the trolley.

WILL BE NO DOG IN THIS BIG STEW

H. O. Sherman and Mitchell of the Palace Grill will entertain an unusual crowd this morning at 8 o'clock, when two carloads of wretched, filthy of the Philippines, who are on their way to San Francisco, will stop over in Reno long enough to breakfast at the Palace. There will be fifty of them, and though they are accustomed to rice and dog, as a dish supreme, in their own country, they will have to "cut out" the dogs, say the restaurant proprietors. Their stew will consist of beef, with plenty of carrots. For the fifty savages, there is ordered besides a water bucket full of rice, 30 loaves of bread, three and one-half gallons of black coffee and a lot of stew. The order came by wire last night from Manager Sullivan, who is in charge of the show, and would seem to indicate that change of scene, absence from home and dogs, do not worry the Philippine savages who are being shown in their new home of the free.

GUESSING CONTEST AT HARDWARE STORE

A big guessing contest is on at the Nevada Hardware and Supply Company's store. A prize of \$10 is given to the person guessing the nearest to the number of nails exhibited in the show window. One guess is given with every 50-cent purchase until August 15th, 1906. Hear the new Melodeon at the Palace Saloon.

SALOON ORDINANCE IS GIVEN FIRST READING

The much discussed saloon ordinance had its first reading yesterday at the meeting of the City Council. The ordinance provides that booths adjoining saloons be provided with doors not more than six feet high, with an open space above of not less than nine inches and a one-inch space under the door. No signs are to be displayed indicating the presence of private entrances or calling attention to the fact that ladies may obtain entrance. No furniture is to be permitted in the rooms except ordinary chairs and tables.

An automobile ordinance was also introduced providing that all autos carry large legible numbers to identify the vehicles. At night, large numbers shall be lighted. A license will be given carrying the number assigned to each auto and a small fee charged for it.

Hereafter Mayor Wilson will sign all purchase orders for the city except those for the street work, which will be signed by E. L. Drappo. The Police Department will be required hereafter to submit to the Council each week a list of the fines imposed on women for disorderly conduct.

A policy for \$2,500 written by a "six-bit" company was cancelled; Joe Ziegler was released from service on the police force; a liquor license was denied Carl Reid and one was granted to Troth & Caughlin.

DICK TOBIN ARRANGES FOR A CONCERT HERE

Dick Tobin, Nevada's tenor, came over from Virginia City last night and will stay here a few days arranging for a concert which he will give in this city in the near future. Already he has been billed for a recital in Virginia City. This will be given on the night of August 4th. It is likely that many of his admirers will go over from Reno to hear him sing. The concert in Reno will be given shortly after his appearance at Virginia City. It will be waited for with impatience by all who love good music—and Dick Tobin.

JEWELER MAKES LAUNCH

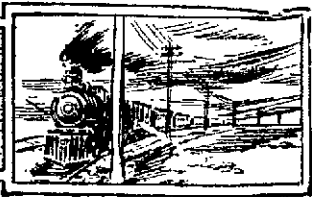

Hugh Senseney and wife, who are staying at Tahoe, will return today after spending one of the most unique vacations recorded this season. Senseney constructed a launch in Reno before going to the lake, and with it he and his wife toured the principal resorts. The boat was capable of a speed of ten miles an hour, and it was admired by hundreds. The craft was sold a few days ago and Senseney will build another.

PAYDAY YESTERDAY

IS AN ASSOCIATE OF DIAMOND KING

H. C. C. Hinz at Wallstab Hotel Spent Years With Belt in South Africa

H. C. C. Hinz, a Northern, scholar of fortune and diamond hunter, now a clerk at the Hotel Wallstab, has received word of the death of A. B. Belt in London and the news of the cause of many remembrance of the days in South Africa when he was associated with King of the game of mines.

Hinz was an intimate friend of Belt and he had many experiences reported in their knifing during the past years through the great southern country. He visited all the principal mines which were operated by Belt and he studied the methods employed there.

During the Belt war Hinz, who is a very interesting character, was in the country, and then he went to play at the hotel in Sparks, where a suitable cabinet for his collection of minerals and geology was placed. Among these is a collection of minerals and geology of the Belt era. The great mineral collection was placed by the manager of the hotel, but Hinz was not allowed to see it. Hinz is now in the city, and he is looking for a job. He is interested in the mining industry.

Mrs. Grace Kelly Brings Divorce Suit Against J. P. Kelly—Couple Married Twelve Years Ago—Complainant Says Defendant Failed to Provide

A divorce complaint was entered yesterday in the District Court by Mrs. Grace Kelly against her husband, J. P. Kelly, alleging that the latter has been for the last seven years an habitual drunkard and declaring that for ten years he has failed to provide her with the necessities of life.

Mrs. Kelly stated that they were married in Reno, January 22, 1894, and that now she owes out a scanty living for herself and her four children by sewing and help from friends and relatives. She declares that her husband is able to provide those things which make for home comfort, but that he is "idle, dissolute and profligate."

The custody of the four children, James, aged 11 years; Clarence, 10; William, 9; and Neva, 6, is asked for in the complaint and a reasonable sum monthly for alimony, besides attorney fees contracted by the suit brought.

STOCKS, MINES and MARKETS

THROUGH THE HEART OF WHITE HORSE MINES

THE driving of a deep tunnel to crosscut the rich mineral belt of Whitehorse at a depth of nearly 2,000 feet is no longer problematical, for the Nevada Exploration Syndicate has funds in a Reno bank, and work starts tomorrow and will be aggressively prosecuted to completion under the direction of a competent mining engineer.

Active work will now be advanced on the great tunnel to be driven by the Nevada Exploration Syndicate in Whitehorse district, for yesterday a big contract was let for driving this tunnel and the entire outfit for the work will be landed on the ground not later than tomorrow evening.

This is, indeed, an era in the history of mining in Whitehorse district, for this tunnel will crosscut every vein in the belt at a depth of 1,800 feet by actual survey below the apex of the lode. This enterprise has been contemplated for several months, and the mining operators of Whitehorse have looked forward to this work with great confidence, as the work so far done by miners there has demonstrated to a positive certainty that the greater the depth attained the richer and stronger the ore bodies, and in this connection it is proper to say that the depth already attained on several properties is from 350 to 400 feet below the apex, and at this point remarkably high grade veins have been uncovered, and in one of them, the Green Hills property, the vein at this remarkable depth below the apex is well defined eighteen feet wide, and neither wall in sight, and the values secured fully as high as the richest ore found in that famous mine.

There are at least 100 known leads which actually come to the surface and have a prominent outcrop on the line of this tunnel, and it is reasonable to expect and unreasonable to believe otherwise than that fully as many blind leads will be cut in the progress of the work. It cannot be presumed that only a few blind leads will be cut from the fact that so remarkable a surface showing is full warrant for believing that the blind leads must be numerous and strong and of wonderfully high grade. All blind leads cut in the progress of this work will be the property of the Nevada Exploration Syndicate.

It is a fact, positively demonstrated by the work already done, that the blind leads in Whitehorse district are very much the largest bodies of ore, and in grade frequently carry fabulous values. The blind leads already uncovered near the surface show such values as preclude any doubt as to what may be anticipated when these veins are cut at the depth of nearly 2,000 feet.

With the veins so strong and so close together on the surface, frequently occurring only twenty feet apart, all mining engineers will agree that in the very nature of things a number of these veins must form a junction at depth and thus make an enormous mineral zone, the width of which cannot even be imagined.

The running of this tunnel will not only open up and exploit at great depth the large holdings of the Nevada Exploration Syndicate, but will offer the cheapest and best method for operating all other veins along its line, and will thus not only be of incalculable benefit to the miners of Whitehorse district, but the royalties

RUSH IS NOW ON TO RICH RAMSEY DISTRICT

From the North, the South, the East and the West the Cry Now Is, "On to Ramsey," Where the Rich Veins Lie

The rush is now fully on to Ramsey district. Prospectors and miners from Tonopah, Goldfield, Bullfrog and Manhattan are rapidly invading this new section, and yesterday morning a party of Renoites, consisting of Colonel W. S. Prosser, Sam Wheeler, C. A. Norcross, D. S. Taggart and J. H. Neven, left for that section. The party will take their own conveyances at Apache, a station on the Hazen cut-off branch.

The Rattler No. 2 claim, adjoining the Clark strike, has been bonded to Jack Reynolds and associates, by Towle and associate for \$15,000, and the property was then rebonded to other parties at \$50,000.

Storey county officials will soon have surveys in the field to decide whether the Ramsey townsite is in Storey or Lyon county.

The townsite company gave away alternate lots as long as they lasted on Tuesday of last week. Some of the choicest of the lots are held at from \$400 to \$600 by lucky holders.

A telephone and telegraph line will be built at once and going to the camp via the Towle ranch and Dayton. Electric light power will be furnished from six-mile canyon.

The sentiment of the district favors the leasing plan. Several mining men recently in from Ramsey state that Ramsey district in extent and values is the largest and richest camp in the West and predictions are made that it will have 15,000 people within sixty days.

Active work will start in on the Clark strike on the 20th, to determine the full importance of that development.

The officers of the Nevada Exploration Syndicate are John A. Lewis, M. D. President; T. D. Dunaway, Vice-President and general manager of the Nevada-California-Oregon Railway, first vice-president; Hon. John Sparks, Governor of Nevada, second vice-president, and C. E. Bingham of the Nevada State Journal, fourth vice-president; Fred Grob, of the Nevada Farmers and Merchants' National Bank, treasurer; Frank Hatton, secretary.

The fiscal agent of the corporation is W. T. Wintermute of 25 Broad street, New York City, who is conceded to be one of the strongest and most reliable brokers of that city. Edward L. Haft, a mining engineer, who stands at the head of his profession, is the consulting engineer of the company and will have personal charge of the field work of the corporation. In this connection it is proper to say that Haft has had many years' experience in big mining operations in the Cripple Creek district and other parts of Colorado, and his reports are accepted as authoritative in any mining proposition which he examines.

BURRO MINES ARE BEING ACTIVELY OPERATED

A Great Deal of Work Is Being Done and High Assays Had and the Town Would Boom But for the Lack of Lumber

The information from the Burro district indicates that a great deal of work is being done, and the Philadelphia company operating there reports two strikes within the past week.

Fisk and DeCosta are working on the Iron Sides, Frisco and other claims, and assays had from the bottom of the shaft on the Frisco, show values of \$11.13, \$4.70, 28 cents; \$20.27, \$90.84. This firm is also working a property on Callahan Creek.

The town of Burro shows much improvement and would build up much more rapidly, but the scarcity of lumber prevents. The demand for houses is so great that several tents were purchased in Reno a day or two since to be put up on the ground temporarily until lumber can be secured.

Seven Troughs

The Seven Trough district is still attracting attention and some very high assays are being had from the veins now being uncovered. One property, owned by Frank Prevost and others, shows values remarkably high and float rock, picked up from this claim, assayed \$1,400 per ton.

George Winfield, one of Nevada's best known mine operators, has sent a complete prospecting outfit into the new field.

W. Williams of Aspen, Colo., recently came into camp and has secured some good property.

VERY RICH FIND HAS BEEN MADE NEAR SUMMIT

A very rich find has been made at Summit Station, twenty miles east of Bodie, by Charles A. Gray. The ore carries very high values of gold, silver and lead, and the vein is twenty-seven feet wide. One assay showed the remarkable value of \$1,948 in gold, 3,765 ounces in silver and 19 1/2 per cent lead.

There is wood and water in abundance, and a good wagon road within half a mile of the property.

There is said to be a splendid field for leases, as they can take shipping ore out at the surface.

Modest Claims Often Carry the Most Conviction	
When Maxim, the famous gun inventor, placed his gun before a committee of judges, he stated its carrying power to be much below what he felt sure the gun would accomplish. The result of the trial was therefore a great surprise. Instead of disappointment, it was the same with the manufacturers of Chamberlain's Colic, Cholera and Diarrhoea Remedy. They do not publicly boast of all this remedy will accomplish, but prefer to let the users make the statements. What they do claim, is that it will positively cure diarrhoea, dysentery, pains in the stomach and bowels and has never been known to fail. For sale by all druggists.

RUSSIAN SITUATION SHOWS EFFECT ON STOCKS

New York Exchange Unsettled, but Prices Later Resume a Normal Level—Grains Easy in Some Sections—Provisions Firm and Active

NEW YORK, July 23.—The stock market here was slightly shaken by the developments in Russia over Sunday, in common with the other securities markets. But resistance was shown by the New York market and the effects had apparently passed in the course of half an hour, at which time the confident absorption of stock had restored the level of prices to where they left off on Saturday.

The determination of a market organization to effect an upward movement in prices manifested itself in the operation of the same character as those which appeared in the market Friday and Saturday were resumed. There is no attempt to hide the gravity of the situation in Russia from a political standpoint but the drift of events has been so clearly foreshadowed that it is believed that the financial and banking community has been acting with a view to the developments which have now occurred. The action of the foreign securities markets, however, seemed to threaten serious consequences for a time. The speculative effect in the London market is due to the coming due on August 1st of an installment of subscriptions to the last Russian loan.

Account now being taken of the subscription prices of money in that market point to severe losses on the underwriting and the forced manner of the liquidation point to a much smaller distribution of the loan into investors' hands than had been anticipated at the time of the flotation. London's necessities induced considerable selling of securities in this market today, but a result of a strong rebound in the foreign market, which carried the price indifferently away from the gold export point.

The conspicuous feature of the financial movement, however, was the movement to revive many dormant rumors regarding developments in them, one from London alleging a coming control of the bank in the interest of the United States.

The Money Market. July 23.—Money on call, 2 1/2% per cent, ruling today, 2 1/2%, closing bid, 2 per cent, offered, 2 1/2%. Time loans strong and dull, sixty days, 4 per cent, ninety days, 4 1/4% to 1 1/2 per cent, three months, 4 1/2%. Prime mercantile paper, 1 1/2% to 2 1/4% per cent. Sterling exchange, strong at 48 1/2 to 48 3/4 for demand and at 120 1/4 to 120 3/4 for sixty day bills. Posted cables, 48 1/2 to 48 3/4 for demand and 120 1/4 to 120 3/4 for sixty day bills. Mexican dollars, 50 to 52. Government at bond, firm, rail steady.

Price of Silver. July 23.—Bar silver quoted here today at 65 1/2.

Grain and Provisions. July 23.—A general feeling among the wheat traders during the day was bearish, although the foreign news received favored the bull side. The reports of heavy arrivals, however, appeared to have a counter effect. The cash market was generally weaker. The visible supply of wheat an increase of 1,047,000 bushels against a decrease of 161,000 bushels. There being 1,648,000 bushels against 1,641,000 bushels last year.

The facts overbalanced all bullish news and the market was weak throughout the day, with the exception of a slight rally toward the middle of the session. The market closed easy. September opened 1-3/4 higher, at 75 1/2, sold between 76 and 77 and closed 1-3/4 off, at 76. The extra market ruled firm during the greater part of the day. September opened at 49 1/2, sold between 49 1/2 to 50 1/2, and closed strong at 50 1/2, which was 1-4 higher than Saturday.

The out-market was quite and steady. September opened at 22 1/4 to 22 3/4, sold between 22 1/4 to 22 3/4 and closed firm, 1-4 higher, at 22 3/4.

Livestock Market. CHICAGO, July 23.—Cattle, receipts 29,000, to the lower buyers, \$4.00 to 4.25, cows and heifers, \$3.25 to 3.50, feeders, \$2.50 to 2.75, Texas, \$1.15 to 1.25, calves, \$5.00 to 5.50.

Hogs. Receipts, 27,000. Mixed and light hogs, \$4.00 to 4.25, good heavy, \$4.00 to 4.25, rough heavy, \$3.50 to 4.00.

Sheep. Receipts, 20,000, 10,000 to 12,000, heavy, \$3.00 to 3.25, lambs, \$4.75 to 5.00.

The Wool Market. ST. LOUIS, July 23.—Wool, steady. Clothing grades, heavy combing and clothing, 23 1/2 to 24, light fine, 15 1/2 to 16, heavy fine, 14 1/2 to 15, tub washed, 22 to 23 1/2.

RENO WEATHER REPORT. Forecast—Cloudy today. Yesterday's observations at the local office United States Weather Bureau:

Maximum temperature, 91 degrees; minimum temperature, 60 degrees; mean temperature, 76 degrees, which is 5 degrees above normal.

Accumulated excess of temperature since the first of January, 513 degrees. Accumulated deficiency of precipitation since the first of the month, .03 inches.

GREAT STRIKE ON TEXAS-NEVADA MINE

Wonderful Body of Yellow Gold Ore Exposed on the 100-Foot Level That Carries Values of \$27,580 Per Ton in Gold

The strike referred to in Sunday's Journal as having been made on the Texas-Nevada property in Whitehorse district seems to be very much more important than what at first thought. Several hundred tons of fabulously rich ore have already been stacked and there is still more in the mine. There is now a four-foot vein of this enormously rich ore in sight and still the shoot has not been exhausted. The formation is talk and some black, soft manganese; the gold lies loose in it and the bright yellow stuff can be seen quite a distance away. As a matter of fact, some of the gold fairly strikes out of the ore.

This rich body of ore is encountered at a depth of 100 feet below the surface, and is very much richer than the ore found in the outcrop. The question was asked yesterday: Can Goldfield, Bullfrog, Manhattan or Esmeralda beat this? Quite a number of assays were had from this rich shoot and the results were astounding. The Texas-Nevada Company recently leased the Ship Mill and now have 200 tons of ore at that mill which is being run.

Special Notice. If you want a bicycle, new or second hand, or your old one repaired, new tires, or sundries or anything in the bicycle or sporting goods line, see us. We are agents for the Rayco, Reading, Standard, and we make the Nevada wheel. We also give American trading stamps on repairs and purchases.

Democratic and Silver Calls for Conventions. Headquarters of the Democratic State Central Committee and of the Silver Party State Central Committee, at Reno, Nev., June 28, 1906.

At a meeting of the Democratic State Central Committee of Nevada and of the Silver Party State Central Committee of Nevada, held at Reno, Nev., on April 21, 1906, it was ordered that the State conventions of the Democratic and Silver parties of Nevada, be held at Reno, Nev., on Wednesday, August 29, 1906, at 12 noon, for the purpose of nominating a ticket to be voted for at the next general election to be held Tuesday, November 6, 1906, consisting of:

One Representative to Congress, One Lieutenant-Governor, One Justice of the Supreme Court, One Attorney-General, One State Treasurer, One State Controller, One Surveyor-General, One Superintendent of Public Instruction.

Members of the State Board of University Regents, District Judges of the various Judicial Districts of Nevada.

Also for the selection of a State Central Committee and the transaction of all other business as may properly come before it. The basis of representation of the respective parties in said conventions for each party shall be one delegate for each fifty votes or any fraction thereof not less than twenty-five cast for Hon. H. H. Esmeralda, Democratic and Silver party candidate for Justice of the Supreme Court in 1904, aggregating 112 delegates for each convention apportioned as follows:

Democratic Silver Party
Churchill 4
Bouglas 3
Pike 13
Esmeralda 13
Humboldt 9
Lander 3
Lincoln 7
Lyon 6
Elko 11
Goshute 4
Washoe 19
Storey 10
White Pine 4

The several Democratic and Silver Party County Central Committees or in counties in which there are no such committees, the Democratic and Silver parties are hereby authorized and directed to call a

Primary Election of the people in accordance with the statutes in such cases made and provided for Saturday, August 31, 1906, for the purpose of electing delegates to said conventions in accordance with the above basis of representation.

At said primary elections the test to be exacted of those voting at the Democratic primaries shall be as follows: "I am a Democrat" and at the Silver primaries, "I am a Silver man."

The Primaries. Resolved, That the delegates to the conventions be selected at primaries wherever practicable, and where no primaries are held the County Central Committees shall appoint delegates and where there is no county committee the local members of the State Central Committee shall be authorized and directed to appoint delegates, and there is no County Central Committee, or members of the State Central Committee, the State Executive Committee of the State Central Committee of each party shall make the appointments.

Secretaries of the various County Central Committees are requested to forward a certified list of the delegates so selected or appointed to the chairman of the State Central Committee of both parties.

At the aforesaid meeting of the State Central Committees of both parties it was unanimously resolved and recommended that the two conventions hereby called meet in joint convention.

JAMES G. SWEENEY, Chairman of Democratic State Central Committee.
Attested: E. L. BINGHAM, Sec.
J. E. SOUCHERAU, Chairman of Silver Party State Central Committee.
Attested: O. H. MACK, Secretary.

PROPOSALS FOR BIDS.

Building contractors are hereby notified that the plans and specifications of the Mackay building for the School of Mines will be ready for inspection at the office of the Board of Regents at Reno, Nevada, from and after Wednesday, July 11, 1906. It is desired by Mr. Mackay that the contractors submit sealed bids for the erection of said building, according to the plans and specifications, on or before 10 o'clock a. m., Saturday, July 25, 1906.

These sealed bids will be forwarded to Architect William S. Richardson of the firm of McKim, Mead and White, architects, New York City, who has been entrusted by Mr. Mackay with the responsibility of letting the contracts for the building and the erection of the same. Each bid should be accompanied by a certified check for \$500, as evidence of good faith on the part of the contractors. Mr. Richardson reserves the right to reject any and all bids.

OSCAR J. SMITH, Chairman of the Board of Regents. (Signed) GEO. H. TAYLOR, Secretary of the Board of Regents.

Owing to the delay attending the arrival of the plans and specifications for the Mackay building for the School of Mines, the time for the proposal of bids to be submitted is hereby extended to ten (10) o'clock A. M., Saturday, August 4th, 1906, at the office of the Board of Regents, University of Nevada, Reno, Nevada. (Signed) GEORGE H. TAYLOR, Secretary Board of Regents.

To Creditors of The Traders Insurance Company of Chicago.

Notice is hereby given to all creditors of The Traders Insurance Company of Chicago that June 29, 1906, an order was entered by the Circuit Court of Cook County, Ill., in the case wherein the undersigned was appointed receiver, directing that all claims against The Traders Insurance Company of Chicago (other than those claims) be filed under oath, with the receiver on or before ninety days from said June 29, 1906, and that all claims (other than fire-loss claims) not so filed within ninety days from said June 29, 1906, be forever barred from any right to share in the distribution of the estate by said court.

Notice is accordingly given hereby to all creditors of said The Traders Insurance Company of Chicago (other than fire-loss claimants) to file their claims, under oath, with me pursuant to the terms of said order, on or before ninety days from June 29, 1906. Blank forms for claims may be had on application at my office.

EDITORIAL COMMENT

The New Rate Bill

THE Interstate Commerce Commission this week will take steps to carry into effect the provisions of the new amended rate regulation law. Congress provided that different sections of the law should go into effect at different times thus lightening the burden of new duties which the commission will have to assume immediately. Thus, the prohibition of all pass-giving does not become effective until January 1, while the clause forbidding railroads from transporting any commodity in the mining, manufacturing or production of which they have had any part does not become operative until May 1, 1896.

One of the entirely new powers conferred upon the Commission is that of requiring the railroads to observe a prescribed system of accounting, or to keep any special accounts which the Commission deems necessary to its purpose. Heretofore the Commission has required the roads to file annual reports for a fiscal year ending June 30. It is now incumbent upon the Commission to decide in what form the roads shall keep their accounts, or at least in what form they shall submit them to the Commission.

The Commission has discretionary power to fix a time within which the roads shall conform to its prescribed accounting and it is expected that for the present that body will simply call for such additional or amplified accounts as its experience has proved would be useful. So far does the new authority of the Commission go, however, that it may, if it pleases, prevent the keeping of any accounts or records of which it does not approve.

The point of chief interest to the shippers of the country is as to how the provisions for the direct regulation of rates will operate. Unless the act is to be found disappointing to practice, the Commission will have before it many more complaints of unreasonable rates than it has ever had before. The Commission is now entitled to inquire into such matters as lighterage, docking, switching terminal and other services which may be rendered by big shippers to the carrier, under the guise of which it is alleged that many rebates have been allowed and paid. In this and in many other respects the language of the bill is so framed as to empower the Commission to follow up and defeat any subterfuge to which the carrier might resort to evade the letter of the law.

It will be surprising if among the earliest complaints filed with the Commission after August 28 are not found a number against the express companies. It is a matter of common knowledge that on routes over which more than one company operates, express rates are much lower in proportion to distance traversed than where but one company maintains a service. Scarcely any transportation corporations have been more vigorously denounced on the grounds of exorbitant charges than the express companies, and they now seem likely to be put upon the defensive in all seriousness.

The Pullman Co. will likewise be among the

Parker's Reply to Taft

JUDGE PARKER'S reply to Secretary Taft's Greenboro speech is a rehash of some of his contentions in 1904 when he was the Democratic nominee for the presidency. It is something more than that, however. It is a statement of which the truth is even more clearly established today than when it was first uttered, the important difference being that its truth is generally admitted now where two years ago it was vehemently denied.

It is too early to predict the effect of the restrictive trust legislation passed by the late session of congress, but, with the flaws already discovered in the rate bill, there is good reason to believe that corporations which desire to evade or violate the law will find their opportunities for so doing in no way impaired by their enactment. The net result, as Judge Parker predicted that it would be, is a "further concentration of power in the federal government" and a continuance of the practice by which, "when a trust or railroad has violated the criminal law, the guilty receive places in the cabinet or board rooms of great corporations instead of the jail or the penitentiary."

Mr. Hadley and others demonstrated the truth of Judge Parker's contention, that the common law, if enforced is strong enough to land its violators in jail. Thanks to the beneficence of the federal government, the common law is still ignored for special measures which permit the substitution of fines easily paid for imprisonment that might be ill endured.

Judge Parker's reply to Mr. Taft confirms the justice of his position too late for Judge Parker to profit by it. There's no doubt, however, that Mr. Bryan will know how to turn it to good use in 1908.—Louisville Times.

WHILE Secretary Wilson is getting ready his meat labels, he might prepare a few much needed labels for the queer kinds of politicians that the present mixed conditions are bringing forth.

early defendants. Should this company be successfully attacked on any existing rate, it is probable that gradually and by successive complaints a reduction of its charges all over the country could be secured.
